character of the present bull movement in stocks was again tested today with the result of a resumption of strength after liberal realizing orders had spent their force. An increase, too, in the volume of business occurred, and commission house orders were reflected in a wider distribution of transactions in the railway list and a ripple of animation in the Vanderbilt shares for investment account. Aside from Sugar vious that there must be an import the industrial stocks were comparative-business as well. Trade is reciprocal. ly neglected. The outset of business was rather discouraging to the holders and owners of securities. London quotations for Americans came fractionally below our closing prices of yester-day, and rearlising orders for European account were executed in this market. In the early dealings the twaders took the bear side, but the combined offer-ings resulted in causing only fractional concessions in the active list. Manhattan sold off 1% per cent on the denial by President Gould of any present consideration of propositions for a lease or sale of control of the property. The pressure to sell was soon exhausted and under heavy buying for both accounts "It is for the purpose of insuring a steady and uniform commerce from Kansas grain fields to the Gulf that the Galveston people propose the project described in another page of today's Capital. They propose to build an elevator with a capacity of from a half million to a million bushels of grain at Wichita, making that city in a sense a basing point such as Kansas City at present for southern business. They bered gained important factions. The rally in the early trading had been led by Tobacco but subsequently other prom-inent shares developed decided strength and activity. Distilling, after a long period of dullness, became animated in the afternoon session, and advanced 1% per cent on the impending issue of the new securities, incidetal to the reorganization. Sugar maintained its rec-ord for activity, and after an early fractional decline, rallied 2 per cent. The grangers averaged 1 per cent advance and material recoveries from the early low level occurred in many other shares New York Central and Lake Shore rose 1½ per cent each, and Western Union and Missouri Pacific 1½ per cent and 1½ per cent respectively. CHANGE OF EATING HOUSE Book Island Meals to be Serred in Wichits From Now On.

Ohmar Brothers, Edward and Harry, were in the city yesterday making arrangements to move the Rock Island eating house from Caldwell to this city. On the 5th of next month the time table of the Hock Island will be changed so as to make it entirely inconvenient

for the traveling public to have the house at Caldwell. The exact details of the change of the ime schedule are not yet made public, but at any rate passengers will have breakfast and supper at Wichita. Of only two meals a day is not the proper thing-not a paying business and hence the house will serve dinners as well. In fact they propose to make it a first-class dining hall not only for traveling people but for the general public and will advance their best efforts to

level.

Northern Pacific issues continue to absorb interest in the bond market. The favorable news regarding the reorganization proceedings were receit today in the following gains: The seconds is the processing and firsts 1 per cent, thirds and terminal firsts 1 per cent, collateral trust sixes 1½ per cent. And dividends extended 2 per cent. Notable gains were made in other issues and strength characterized the general market. The sales were £2.54-100.

Mr. Ed Ohmar who has been manag-

the city arranging the details of the change. Both are fine fellows. As ev-Pork-Quiet; old to new mess, \$2.00@10.00. erybody, perhaps, does not know w a fine fellow means it is stated for their benefit that Edward and Harry Ohmer are great big hearted, progressive, broad minded, courteous, clever, busi-ness men, who know how to treat the public right. They are men who know how to make money and lots of it without robbing the traveling public, either by high charges or a low grade bill of That is what traveling men say and they generally know what they are talking about when it comes to eating and paying for it. Harry Ohmer is in charge of the dining hall at McFarland and is widely known among the people of southern and western Kansas. Edof southern and western Kansan. Ed-ward has charge of the Phillipshung-house and is better known to the trav-eling people from the mountain state. They have come from a family of dis-ing house people, their father being the owner of all the dining house on the Vandalla system. The fact is that both have hear raised in the husbness from save been raised in the business from boybood up.
